This Book Review is brought to you for free and open access by Northwestern University School of Law Scholarly Commons. It has been accepted for inclusion in Journal of Criminal Law and Criminology by an authorized editor of Northwestern University School of Law Scholarly Commons.

suggest collaboration by other authorities, but would be nonetheless desirable.

The volume contains a good subject and name index and bibliography, as well as numerous vitalizing pictorial illustrations and charts. The book is easily read; and, on a comparative basis, it is an outstanding text, especially for penology. The expected revisions should make it even better.
